

INSTRUCTIONS

Heave Ho® is a unique safety and docking line which consists of a safety-orange ball 4" (10 cm) in diameter attached to a durable line 50 feet long (15.3 m). Heave Ho is easy to handle. Both the sphere and line float. Line made of reliable, solid braid polypropylene. Line pulls through ball to create a secure loop.

SAFETY AND DOCKING LINE

Hundreds of uses—use your imagination!

Yachting, kayaking, canoeing, skin diving, water skiing, fishing, search and rescue, tree trimming.

At home, by the pool, by the lake. Carry it in your car or RV.

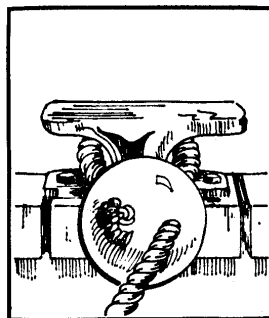

Heave Ho is versatile...

Safety Line

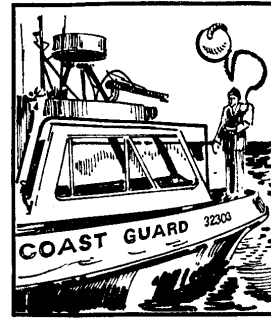

- Throw it where it's needed, in or out of water
- Perfect weight for an accurate toss
- Quickly forms a loop to rescue a person from danger
- Used by the U.S. Coast Guard
- Could help save a life

Docking Line

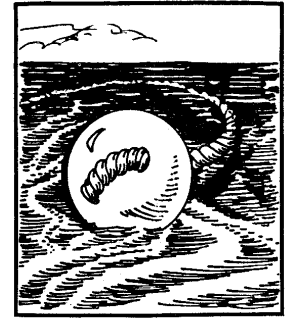

- Makes line handling easy: eliminates having to tie a knot
- Can serve as a bumper or buoy; will not mar or scratch boat
- Useful on any size boat... while docking, at the locks, at the gas dock

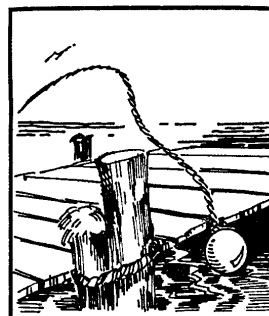

Easy to tie and untie.

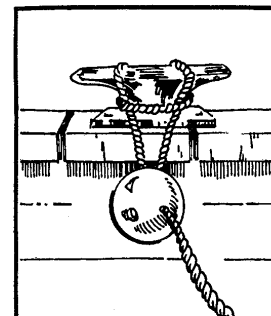

Easy to throw. Used by the U.S. Coast Guard!

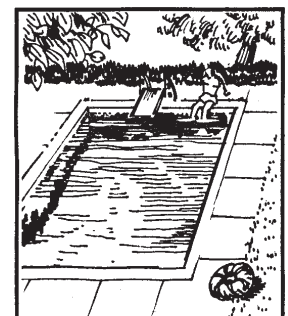

Both ball and line float.

Catches easily on slatted docks.

Use it as a bumper.

A must for pools!

Note: Heave Ho was discontinued in 2005.
